2019 SCORE® Program

That's the impact the SCORE Program has had on Texas schools.

Next to payroll, energy is often the biggest line item on a school's budget. TNMP designed the SCORE Program to give schools the technical and financial resources necessary to reduce energy spending and direct more of their budgets to students and teachers.

The no-cost SCORE Program provides you with the resources to identify energy efficiency opportunities and convert them into savings. Incentives are available on a first-come, first-served basis.

By joining the program, you can take advantage of the following resources:

- **ENERGY PERFORMANCE BENCHMARKING:**
Learn where and how your buildings are wasting energy.
- **ENERGY MASTER PLANNING WORKSHOPS:**
Learn energy management best practices that finance, facilities and administrative staff can employ to maximize long-term savings.
- **FINANCING ASSISTANCE:**
Learn about the many options available to finance energy efficiency projects that involve little to no upfront cost.
