

**\$270,000,000**

lifetime savings is equal to:

**5,800**

more teachers\*

**5.5M**

more books  
for students\*

### Available for:

- School districts
- Private schools
- Community colleges
- Universities

\*Based on lifetime energy savings of equipment installed and the incentives earned by program participants as of November 2016.

Please contact TNMP or CLEAResult should you have any questions or need additional information. We look forward to helping your organization save energy and money through the SCORE Program.

## 2017 SCORE® Program

### That's the impact the SCORE Program has had on Texas schools.

Next to payroll, energy is often the biggest line item on a school's budget. TNMP designed the SCORE Program to give schools the technical and financial resources necessary to reduce energy spending and direct more of their budgets to students and teachers.

The no-cost SCORE Program provides you with the resources to identify energy efficiency opportunities and convert them into savings. Incentives are available on a first-come, first-served basis.

By joining the program, you can take advantage of the following resources:

- **INCENTIVES:**  
Earn \$150/kWh + \$0.02/kWh for projects that reduce peak electric demand, which may include:
  - Lighting
  - HVAC
  - Roofing
- **ENERGY PERFORMANCE BENCHMARKING:**  
Learn where and how your buildings are wasting energy.
- **ENERGY MASTER PLANNING WORKSHOPS:**  
Learn energy management best practices that finance, facilities and administrative staff can employ to maximize long-term savings.
- **FINANCING ASSISTANCE:**  
Learn about the many options available to finance energy efficiency projects that involve little to no upfront cost.
- **TECHNICAL ASSISTANCE:**  
Help identify and evaluate energy efficiency opportunities.
- **COMMUNICATIONS SUPPORT:**  
Help publicize your leadership and accomplishments in energy efficiency.
