Interim Load Management Pilot Program Participant Obligations:

Be available to curtail agreed-upon loads within 30 minutes notice, subject to the following limitations and conditions:

1. December 1, 2021 through February 28, 2022.
2. Up-to 24/7.
3. One Scheduled Curtailment of one to four (1-4) hour duration (called at the request of the TNMP project manager).
4. Maximum of four (4) Unscheduled Curtailments (called at the request of the TNMP project manager based on ERCOT request).
5. 30 minutes notice, by phone (with notice by email upon request).

Failure to meet contract Curtailment goals during a Curtailment will result in a pro-rated reduction of income. A Customer that materially fails to comply with Curtailment notices more than once during the Program operating period risks loss of membership in the Program.

If there is a problem that would prevent or substantially limit compliance with a Curtailment notice, Customer is to notify Stefani Case as soon as possible (phone and email information is at the top of this notice).
